COST Action IPLANTA CA15223 WG2 Meeting

Topical Application of RNAi: Progress and possibilities.

Rothamsted Research
Harpenden, UK

26th Sept 2018

Wed 26th Sept 09.00 -18.00

Chair Huw Jones??

09.00 – 09.40 Dr Wendy Maddelein (Syngenta Ghent). An industry perspective on sprayable RNAi.

09.40 – 10.20 Prof Tom Brown (Oxford University) new methods of RNAi synthesis.

10.20 – 11.00 Tea/Coffee

Chair Maybe select from early career researcher to give experience?

11.00 – 11.25 talk selected from abstract.

11.25 – 11.50 talk selected from abstract.

11.50 – 12.15 talk selected from abstract.

12.15 - 12.40 talk selected from abstract.

12.40 – 14.00 Lunch / posters

Chair Maybe select from early career researcher to give experience?

14.00 – 14.25 talk selected from abstract.

14.25 – 14.50 talk selected from abstract.

14.50 – 15.15 talk selected from abstract.

15.15 – 15.40 talk selected from abstract.

15.40 – 16.15 Tea/coffee

Chair Maybe select from early career researcher to give experience?

16.15 – 16.40 talk selected from abstract.

16.40 – 17.05 talk selected from abstract.

17.05 – 16.35 talk selected from abstract.

16.35 – 17.00 talk selected from abstract.

17.00 – 17.30 comfort break

17.30 – 18.00 Prof Max Lu, University of Surrey. Clay nanosheets (BioClay) for topical delivery of RNAi BioClay
