INRA-Villenave d'ornon ACCESS

31- When you step down, reverse your direction on the Route de Toulouse by looking at your right the two lights distant of 150m, then check the INRA sign in front of you and pointing out the left direction at the Avenue Edouard Bourloux.

32- From there you should walk for 800 m then count 6 “turns”at your right side.

33- At the 6th you will reach the INRA gate, come in and you will recognize the top of the INRA-castle (Chateau de la Grande Ferrade). At your left you should see 3 buildings (the first is small, the second is a medium size) and the 3rd is the BFP Unit, the location wherever you will attend the meeting.

We will find the iPLANTA sign indicating that you are following to the right path.

Welcome.
